Memorandum for Idaho Wing

23 Dec 2011

Subject: Appointment of Lt Col Pete Anderson as Co-Chief of Staff

In light of the upcoming Compliance Inspection and Graded SAREX, I have appointed an additional Chief of Staff to help the wing staff and the wing prepare. Lt Col Colson will continue to serve as a Chief of Staff and will focus on Logistics, Transportation, Communications and Cadet Programs. Lt Col Anderson will focus on assisting Operations, Maintenance and Aerospace Education directors. These two great leaders have a wealth of experience in Civil Air Patrol and their guidance will be very critical in the lead up to our critical evaluations scheduled for this coming summer. Though they will focus on specific areas, they will have inputs in all areas as they see the need to help us improve our performance. I urge all wing members to work with them to help the Idaho Wing earn the "Excellent" ratings we should get on these evaluations.

A handwritten signature in blue ink, appearing to read "F. H. Thompson".

F. H. Thompson, Col, CAP  
Commander
